A tour de force from acclaimed author Alan Gratz (Prisoner B-3087), this timely -- and timeless -- novel tells the powerful story of three different children seeking refuge. A New York Times bestseller! JOSEF is a Jewish boy living in 1930s Nazi Germany. With the threat of concentration camps looming, he and his family board a ship bound for the other side of the world . . . ISABEL is a Cuban girl in 1994. With riots and unrest plaguing her country, she and her family set out on a raft, hoping to find safety in America . . . MAHMOUD is a Syrian boy in 2015. With his homeland torn apart by violence and destruction, he and his family begin a long trek toward Europe . . . All three kids go on harrowing journeys in search of refuge. All will face unimaginable dangers -- from drownings to bombings to betrayals. But there is always the hope of tomorrow. And although Josef, Isabel, and Mahmoud are separated by continents and decades, shocking connections will tie their stories together in the end. This action-packed novel tackles topics both timely and timeless: courage, survival, and the quest for home. 107351 The day the First World War broke out, Alfie Summerfield's father promised he wouldn't go away to fight—but he broke that promise the following day. Four years later, Alfie doesn't know where his father might be, other than that he's away on a special, secret mission. Then, while shining shoes at King's Cross Station, Alfie unexpectedly sees his father's name on a sheaf of papers belonging to a military doctor. Bewildered and confused, Alfie realizes his father is in a hospital close by—a hospital treating soldiers with shell shock. Alfie isn't sure what shell shock is, but he is determined to rescue his father from this strange, unnerving place. . . . in John Boyne's Stay Where You Are and Then Leave. This title has Common Core connections. NOW A MAJOR MOTION PICTURE The #1 New York Times bestselling worldwide sensation with more than 15 million copies sold, “a painfully beautiful first novel that is at once a murder mystery, a coming-of-age narrative and a celebration of nature” (The New York Times Book Review). For years, rumors of the “Marsh Girl” have haunted Barkley Cove, a quiet town on the North Carolina coast. So in late 1969, when handsome Chase Andrews is found dead, the locals immediately suspect Kya Clark, the so-called Marsh Girl. But Kya is not what they say. Sensitive and intelligent, she has survived for years alone in the marsh that she calls home, finding friends in the gulls and lessons in the sand. Then the time comes when she yearns to be touched and loved. When two young men from town become intrigued by her wild beauty, Kya opens herself to a new life—until the unthinkable happens. Where the Crawdads Sing is at once an exquisite ode to the natural world, a heartbreaking coming-of-age story, and a surprising tale of possible murder. Delia Owens reminds us that we are forever shaped by the children we once were, and that we are all subject to the beautiful and violent secrets that nature keeps. Whether we should stay in or leave a relationship is one of the most consequential and painful decisions we are ever likely to confront: few other issues will have such power to trouble us. What makes the issue so hard is that there are no fixed rules for judgement. How can we tell whether a relationship is 'good enough' or plain wrong? How do we draw the line between justified longing and naivety? Is sex vital or could it be foregone? Does someone 'better' actually exist? How much should the feelings of children be counted (and what might they be in the long term)? Could one's partner change, perhaps with therapy, or should one assume that who they are now is who they will always be? All these questions typically haunt our minds as we weigh up whether to stay or go. With no axe to grind or ideology to promote, this book walks the reader gently through their options and opens their mind to perspectives they might not have considered. The goal is to help clarify what the reader wants deep down so the answer that emerges will be properly attuned to their unique circumstances and (often very private) aspirations. Here is a tool that carries the promise of the clearer and less compromised future we deserve. This book aims to take the reader towards a time, presently hard to imagine, when the choice will no longer feel so agonising. Using its lessons, we can understand ourselves deeply, consider our options, minimise our regrets and find the way ahead. The acclaimed debut novel by the author of Little Fires Everywhere and Our Missing Hearts “A taut tale of ever deepening and quickening suspense.” —O, the Oprah Magazine “Explosive . . . Both a propulsive mystery and a profound examination of a mixed-race family.” —Entertainment Weekly “Lydia is dead. But they don't know this yet.” So begins this exquisite novel about a Chinese American family living in 1970s small-town Ohio. Lydia is the favorite child of Marilyn and James Lee, and her parents are determined that she will fulfill the dreams they were unable to pursue. But when Lydia's body is found in the local lake, the delicate balancing act that has been keeping the Lee family together is destroyed, tumbling them into chaos. A profoundly moving story of family, secrets, and longing, Everything I Never Told You is both a gripping page-turner and a sensitive family portrait, uncovering the ways in which mothers and daughters, fathers and sons, and husbands and wives struggle, all their lives, to understand one another. From Stephen Mitchell, the renowned translator whose Iliad was named one of The New Yorker's Favorite Books of 2011, comes a vivid new translation of the Odyssey, complete with textual notes and an illuminating introductory essay. The hardcover publication of the Odyssey received glowing reviews: The New York Times praised Mitchell's fresh, elegant diction and the care he lavishes on meter, which] brought me closer to the transfigurative experience Keats describes on reading Chapman's Homer; Booklist, in a starred review, said that Mitchell retells the first, still greatest adventure story in Western literature with clarity, sweep, and force; and John Banville, author of The Sea, called this translation a masterpiece. The Odyssey is the original hero's journey, an epic voyage into the unknown, and has inspired other creative work for millennia. With its consummately modern hero, full of guile and wit, always prepared to reinvent himself in order to realize his heart's desire--to return to his home and family after ten years of war--the Odyssey now speaks to us again across 2,600 years. In words of great poetic power, this translation brings Odysseus and his adventures to life as never before. Stephen Mitchell's language keeps the diction close to spoken English, yet its rhythms recreate the oceanic surge of the ancient Greek. Full of imagination and light, beauty and humor, this Odyssey carries you along in a fast stream of action and imagery. Just as Mitchell re-energised the Iliad for a new generation (The Sunday Telegraph), his Odyssey is the noblest, clearest, and most captivating rendition of one of the defining masterpieces of Western literature. Quentin Jacobson has spent a lifetime loving Margo Roth Spiegelman from afar. So when she cracks open a window and climbs into his life - dressed like a ninja and summoning him for an ingenious campaign of revenge - he follows. After their all-nighter ends, Q arrives at school to discover that Margo has disappeared. Steve Harvey, the host of the nationally syndicated Steve Harvey Morning Show, can't count the number of impressive women he's met over the years, whether it's through the "Strawberry Letters" segment of his program or while on tour for his comedy shows. Yet when it comes to relationships, they can't figure out what makes men tick. Why? According to Steve it's because they're asking other women for advice when no one but another man can tell them how to find and keep a man. In Act Like a Lady, Think Like a Man, Steve lets women inside the mindset of a

man and sheds light on concepts and questions such as: The Ninety Day Rule: Ford requires it of its employees. Should you require it of your man? The five questions every woman should ask a man to determine how serious he is. And much more . . . Sometimes funny, sometimes direct, but always truthful, *Act Like a Lady, Think Like a Man* is a book you must read if you want to understand how men think when it comes to relationships. "In this surprisingly upbeat memoir, Annabelle Gurwitch writes about the financial curveballs that can hit you in midlife . . . Somehow, Ms. Gurwitch manages to find humor in these setbacks. Ultimately, this is a story about harnessing resilience and learning how life's disappointments can teach you about the things that matter most." —Tara Parker-Pope, *The New York Times* From the New York Times bestselling author of *I See You Made an Effort* comes a timely and hilarious chronicle of downward mobility, financial and emotional. With signature "sharp wit" (NPR), Annabelle Gurwitch gives irreverent and empathetic voice to a generation hurtling into their next chapter with no safety net and proves that our no-frills new normal doesn't mean a deficit of humor. In these essays, Gurwitch embraces homesharing, welcoming a housing-insecure young couple and a bunny rabbit into her home. The mother of a college student in recovery who sheds the gender binary, she relearns to parent, one pronoun at a time. She wades into the dating pool in a Miss Havisham-inspired line of lingerie and flunks the magic of tidying up. *You're Leaving When?* is for anybody who thought they had a semblance of security but wound up with a fragile economy and a blankie. Gurwitch offers stories of resilience, adaptability, low-rent redemption, and the kindness of strangers. Even in a muted Zoom. Explains tax planning and savings, business investment planning, dealing with executors and trustees, and drawing up a will The sweetest lies are the most seductive... Eleven years ago, I fell in love with Alex Thorne. He was beautiful, charming, sexy, and the best lover I'd ever had. He's also a bloody liar. Every word that comes out of his mouth is a half-truth, a con, or an evasion. Now I find out my dream job at a university in America is his way of pulling me back into his world. I will never, never fall under the spell of the British Bastard again. Catriona MacTaggart is the one that got away. The Scottish lass has fire in her soul and in her eyes, especially when she punches me. I can handle that. Maybe the truth and I do have a different sort of relationship, but I've never lied about my feelings for Cat. I'll do whatever it takes to get her back, even if it means deceiving her. Alex still knows exactly how to get under my skin, and despite all my intentions, I still can't resist that body and that smile. Maybe it's time I turn the tables and seduce the seducer, to finally solve the mystery he doesn't want me to unravel. Who is Alex Thorne? Two-time Newbery Honor Book author Jim Murphy writes a stunning nonfiction masterpiece about a Christmas miracle on the Western Front during World War I. On July 29th 1914, the world's peace was shattered as the artillery of the Austria-Hungary Empire began shelling the troops of the country to its south. What followed was like a row of falling dominoes as one European country after another rushed into war. Soon most of Europe was fighting in this calamitous war that could have been avoided. This was, of course, the First World War. But who could have guessed that on December 25 the troops would openly defy their commanding officers by stopping the fighting and having a spontaneous celebration of Christmas with their "enemies"? In what can only be described as a Christmas Miracle, this beautiful and heartrending narrative will remind everyone how brotherhood and love for one another reaches far beyond war and politics. Now celebrating the 42nd anniversary of *The Hitchhiker's Guide to the Galaxy*, soon to be a Hulu original series! "A madcap adventure . . . Adams's writing teeters on the fringe of inspired lunacy."—United Press International Back on Earth with nothing more to show for his long, strange trip through time and space than a ratty towel and a plastic shopping bag, Arthur Dent is ready to believe that the past eight years were all just a figment of his stressed-out imagination. But a gift-wrapped fishbowl with a cryptic inscription, the mysterious disappearance of Earth's dolphins, and the discovery of his battered copy of *The Hitchhiker's Guide to the Galaxy* all conspire to give Arthur the sneaking suspicion that something otherworldly is indeed going on. God only knows what it all means. Fortunately, He left behind a Final Message of explanation. But since it's light-years away from Earth, on a star surrounded by souvenir booths, finding out what it is will mean hitching a ride to the far reaches of space aboard a UFO with a giant robot. What else is new? "The most ridiculously exaggerated situation comedy known to created beings . . . Adams is irresistible."—*The Boston Globe* Krakauer's page-turning bestseller explores a famed missing person mystery while unraveling the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. "Terrifying... Eloquent... A heart-rending drama of human yearning." —*New York Times* In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the unforgettable story of *Into the Wild*. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding--and not an ounce of sentimentality. Mesmerizing, heartbreaking, *Into the Wild* is a tour de force. The power and luminosity of Jon Krakauer's storytelling blaze through every page. Travis Maddox, Eastern University's playboy, makes a bet with good girl Abby that if he loses, he will remain abstinent for a month, but if he wins, Abby must live in his apartment for the same amount of time. Peter feels compelled to help a wounded German pilot, but he doesn't want to be a traitor--especially not to his father, who is off fighting the Nazis. A moving story about the moral dilemmas of war. Summer 1941: For Peter, the war is a long way away, being fought by his father and thousands of other British soldiers against the faceless threat of Nazism. But war comes frighteningly close to home one night when a German jet is shot down over the neighboring woods. With his feisty new friend Kim, Peter rushes to the crash site to see if there's anything he can salvage. What he finds instead is a German airman. The enemy. Seriously wounded and in need of aid...Continuing in the tradition of thought-provoking literature about the Second World War, Dan Smith's *MY FRIEND THE ENEMY* is a thrilling adventure that also personalizes the moral dilemmas faced by the children left behind on the home front. In *Squeeze the Juice*, Jennifer Lee, AWMMA®, AIF® reveals her process for communicating values and important perspectives to your family and loved ones. While financial planning may be overwhelming to some, Jennifer's inclusion of personal stories, clever analogies, and general wit pulls you in almost instantly, illustrating the value of having a trusted partner to guide you through difficult concepts. If this book doesn't motivate you to get your ducks in a row, nothing will. *Salads for all seasons, moods, occasions and cravings.* For too long salads have languished on the side-lines of dining tables, reduced to mere accompaniments or starters, but what if we gave salads the limelight they deserve? *Salads Are More Than Leaves* brings salads centre stage, showcasing dishes that are big on flavour, texture and impact. Includes the novella Larger Than Life Throughout her blockbuster career, Jodi Picoult has seamlessly blended nuanced characters, riveting plots, and rich prose, brilliantly creating stories that "not only provoke the mind but touch the flawed souls in all of us" (The Boston Globe). Now, in Leaving Time, she has delivered a book unlike anything she's written before. For more than a decade, Jenna Metcalf has never stopped thinking about her mother, Alice, who mysteriously disappeared in the wake of a tragic accident. Refusing to believe she was abandoned, Jenna searches for her mother regularly online and pores over the pages of Alice's old journals. A scientist who studied grief among elephants, Alice wrote mostly of her research among the animals she loved, yet Jenna hopes the entries will provide a clue to her mother's whereabouts. Desperate to find the truth, Jenna enlists two unlikely allies in her quest: Serenity Jones, a psychic who rose to fame finding missing persons, only to later doubt her gifts, and Virgil Stanhope, the jaded private detective who'd originally investigated Alice's case along with the strange, possibly linked death of one of her colleagues. As the three work together to uncover what happened to Alice, they realize that in asking hard questions, they'll have to face even harder answers. As Jenna's memories dovetail with the events in her mother's journals, the story races to a mesmerizing finish. She discovers that her husband killed his previous wife and that he is trying to kill her as well. Quick, intriguing, and with an extremely interesting plot, 'The Grey Woman' (1861) is a short story by Elizabeth Gaskell for anyone who enjoys a good gothic shudder. Incredibly progressive for its time, it is about the survival of the ill-treated woman who has decided that enough is enough. Elizabeth Cleghorn Gaskell (1810-1865) was an English novelist, short story writer, and biographer, best known for her novels 'North and South' and 'Wives and Daughters' as well as her biography of Charlotte Brontë. Gaskell was viewed as a minor author until the 1950s where it became evident that her depiction of industrial environments and social problems was brilliant and poignant. Kai Althoff (b. 1966, Germany) is one of the most consummate - and unpredictable - artists of his generation. A painter and a draftsman, he has experimented since the mid-1990s with combinations of unconventional mediums and exhibition formats to create all-encompassing environments that might include finely detailed drawings; collage; woven textiles, knitted fabric; soft sculpture; paintings; writing; video; fragrance; and song. Published in conjunction with a major exhibition at The Museum of Modern Art, this publication presents Althoff's work in all mediums created over a 25-year career, and is the most comprehensive publication on the artist to date. Created in close collaboration with the artist in the model of old master catalogues from the period after the Second World War, the book features lavish colour reproductions of Althoff's most significant works. Contributions by art historians, curators, a critic, a rabbi, a professor of psychology and a close friend of the artist offer multiple perspectives on Althoff's iconographically rich work. "A novelistic mosaic that simultaneously reads like a thriller and like a strange, dreamlike excursion into the subconscious." —The New York Times Years ago, when House of Leaves was first being passed around, it was nothing more than a badly bundled heap of paper, parts of which would occasionally surface on the Internet. No one could have anticipated the small but devoted following this terrifying story would soon command. Starting with an odd assortment of marginalized youth -- musicians, tattoo artists, programmers, strippers, environmentalists, and adrenaline junkies -- the book eventually made its way into the hands of older generations, who not only found themselves in those strangely arranged pages but also discovered a way back into the lives of their estranged children. Now this astonishing novel is made available in book form, complete with the original colored words, vertical footnotes, and second and third appendices. The story remains unchanged, focusing on a young family that moves into a small home on Ash Tree Lane where they discover something is terribly wrong: their house is bigger on the inside than it is on the outside. Of course, neither Pulitzer Prize-winning photojournalist Will Navidson nor his companion Karen Green was prepared to face the consequences of that impossibility, until the day their two little children wandered off and their voices eerily began to return another story -- of creature darkness, of an ever-growing abyss behind a closet door, and of that unholy growl which soon enough would tear through their walls and consume all their dreams. East London, 1865 Eighteen-year-old Irene Angel lives with her parents in a tiny room above the shop where her mother ekes out a living selling pickles and sauces while her father Billy gambles away their earnings. It is all Irene can do to keep the family together. Billy's addiction soon leads him into trouble. Despite having been brought up by her father to fear and distrust the police, Irene finds herself forced to collaborate with them to save him from ruin. But Billy's errant ways finally catch up with him and he is imprisoned in Newgate jail. With her mother away from home, Irene has little choice but to seek help from Inspector Edward Kent – her sworn enemy. Only she can clear her father's name and unite the family once more... We all know the basics of punctuation. Or do we? A look at most neighborhood signage tells a different story. Through sloppy usage and low standards on the internet, in email, and now text messages, we have made proper punctuation an endangered species. In Eats, Shoots & Leaves, former editor Lynne Truss dares to say, in her delightfully urbane, witty, and very English way, that it is time to look at our commas and semicolons and see them as the wonderful and necessary things they are. This is a book for people who love punctuation and get upset when it is mishandled. From the invention of the question mark in the time of Charlemagne to George Orwell shunning the semicolon, this lively history makes a powerful case for the preservation of a system of printing conventions that is much too subtle to be mucked about with. From Roxane Gay to Leslie Jamison, thirty brilliant writers share their timeless stories about the everlasting magic—and occasional misery—of living in the Big Apple, in a new edition of the classic anthology. In the revised edition of this classic collection, thirty writers share their own stories of loving and leaving New York, capturing the mesmerizing allure the city has always had for writers, poets, and wandering spirits. Their essays often begin as love stories do, with the passion of something newly discovered: the crush of subway crowds, the streets filled with manic energy, and the sudden, unblinking certainty that this is the only place on Earth where one can become exactly who she is meant to be. They also share the grief that comes like a gut-punch, when the grand metropolis loses its magic and the pressures of New York's frenetic life wear thin for even the most dedicated dwellers. As friends move away, rents soar, and love—still—remains just out of reach, each writer's goodbye is singular and universal, just like New York itself. The Most Anticipated Memoirs of 2020, She Reads • Bay Area Authors to Read This Summer, 7X7 A literary memoir of one woman's journey from wife to warrior, in the vein of breakout hits like Cheryl Strayed's Wild and Jeannette Walls's The Glass Castle. At thirty-six years old, Caitlin Myer is ready to start a family with her husband. She has left behind the restrictive confines of her Mormon upbringing and early sexual trauma and believes she is now living her happily ever after . . . when her body betrays her. In a single week, she

suffers the twin losses of a hysterectomy and the death of her mother, and she is jolted into a terrible awakening that forces her to reckon with her past—and future. This is the story of one woman's lifelong combat with a culture—her “escape” from religion at age twenty, only to find herself similarly entrapped in the gender conventions of the secular culture at large, conventions that teach girls and women to shape themselves to please men, to become good wives and mothers. The biblical characters Yael and Judith, wives who became assassins, become her totems as she evolves from wifely submission to warrior independence. An electric debut that loudly redefines our notions of womanhood, *Wiving* grapples with the intersections of religion and sex, trauma and love, sickness and mental illness, and a woman's harrowing enlightenment. Building on the literary tradition of difficult women who struggle to be heard, *Wiving* introduces an urgent, striking voice to the scene of contemporary women's writing at a time when we must explode old myths and build new stories in their place.
